

MAGMANUS SHOW – TECHNICAL RIDER

ABOUT THE SHOW

- Duration: 60 minutes
- Target Audience: Family and adult
- Genre: Circus / Comedy
- The Magmanus show can be played indoors as well as outdoors
- The show can be performed in five languages: English, French, Norwegian, Spanish and Swedish.

STAGE

- Minimum: 10 m wide, 8 m deep, 7 m high. 100% flat surface with no inclination

SOUND

- We need a sound system and a mix table where we can connect 2 mics and one iPod input. Also a cable that goes from the mix table to the middle of the stage to be connected to our iPod.

LIGHTS

We need lights for evening and indoor shows.

- Minimum 13 lights:
 - 1 spotlight
 - 10 pars (2 red filters)
 - 2 Fresned lights
- Electricity: 220v
- It is very important that we can test the lights in the same light conditions as in the show.

RIGGING

- 1.5 hours before the show / 1 hour after the show

PRESS

- Feel free to use any of our approved material for marketing your event.

If you are not able to provide exactly what we ask for in the technical rider, please contact us as fast as possible so that we can find a solution. A common problem is that the floor is bumpy and uneven, which makes the teeterboard jumping impossible or very dangerous.
